

Teaching in the Key of Life: A Celebration!

Join us for an evening of music and laughter as we celebrate children!

Mimi Brodsky Chenfeld, our very special guest, will share stories and experiences from her life in the trenches of Jewish early childhood programs. Mim has authored several wonderful books, including *Teaching in the Key of Life*, and *Creative Experiences for Young Children*. Come ready for active movement and fun with the “Queen of Play!”

In addition to having a wonderful evening, all participants will receive a certificate of attendance for 1.5 hours.
